

Guide to Home Staging

ROOK
MATTHEWS
SAYER

Home staging is the process of cleaning, tidying and de-cluttering a property in preparation for professional photos. Homes that are clean, tidy and clutter-free achieve the best photos, attract more attention and achieve the best possible price.

PREPARING THE EXTERIOR

- Move vehicles from the driveway
- Remove any clutter (bins, tools etc)
- Remove dead plants & leaves
- Mow the lawn
- Clean doors, windows, driveway, patio & garden furniture
- Close doors & windows

PREPARING RECEPTION ROOMS & BEDROOMS

- Open curtains & blinds
- Make beds thoroughly
- Plump up cushions
- Remove clutter from under the bed
- Close all cupboards
- Store kids toys etc out of sight

PREPARING THE KITCHEN

- Clear worktops & empty the sink
- Hide towels
- Move bins, pet bowls & pet bedding out of sight
- Close all cupboards

PREPARING BATHROOMS

- Toilet lids to be left down
- Clear counter tops, removing toiletries
- Pull back shower curtains
- Remove towels from rails or radiators
- Ensure toilet roll and brushes are presentable

HOME STAGING AT CHRISTMAS, HALLOWEEN, EASTER & BIRTHDAYS

To avoid time-stamping photos, please ensure seasonal decorations are kept down for the photo shoot. If we do capture decorations in photos, unfortunately we won't be able to remove them during the enhancement process.

WHAT IF THE PROPERTY IS EMPTY?

Unfurnished or empty properties require the same home staging treatment as furnished or occupied homes. Please ensure the property is clean, tidy and clutter free to achieve the best results.

FOR OUR 360 CONTENT CUSTOMERS

If we're capturing 360° content for your property there'll be nowhere to 'hide' clutter out of shot. Remember to make the most of storage space and follow the steps above.

YOUR PERSONAL DATA

We recommend that all personally identifiable data be removed from sight prior to our visit to avoid any of your personal data being displayed in our visual content (e.g. household bills & family photos).
