

Rules on letting this property

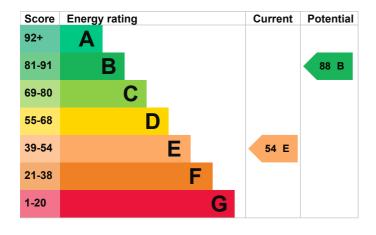

Properties can be let if they have an energy rating from A to E.

You can read guidance for landlords on the regulations and exemptions (https://www.gov.uk/guidance/domestic-private-rented-property-minimum-energy-efficiency-standard-landlord-guidance).

Energy rating and score

This property's energy rating is E. It has the potential to be B.

See how to improve this property's energy efficiency.

The graph shows this property's current and potential energy rating.

Properties get a rating from A (best) to G (worst) and a score. The better the rating and score, the lower your energy bills are likely to be.

For properties in England and Wales:

the average energy rating is D the average energy score is 60

Breakdown of property's energy performance

Features in this property

Features get a rating from very good to very poor, based on how energy efficient they are. Ratings are not based on how well features work or their condition.

Assumed ratings are based on the property's age and type. They are used for features the assessor could not inspect.

Feature	Description	Rating	
Wall	Cavity wall, as built, no insulation (assumed)	Poor	
Roof	Pitched, 75 mm loft insulation	Average	
Window	Fully double glazed	Average	
Main heating	Boiler and radiators, mains gas	Good	
Main heating control	Programmer, no room thermostat	Very poor	
Hot water	From main system, no cylinder thermostat	Poor	
Lighting	Low energy lighting in 33% of fixed outlets	Average	
Floor	Solid, no insulation (assumed)	N/A	
Secondary heating	Room heaters, mains gas	N/A	

Primary energy use

The primary energy use for this property per year is 380 kilowatt hours per square metre (kWh/m2).

Additional information

Additional information about this property:

· Cavity fill is recommended

How this affects your energy bills

An average household would need to spend £1,053 per year on heating, hot water and lighting in this property. These costs usually make up the majority of your energy bills.

You could save £526 per year if you complete the suggested steps for improving this property's energy rating.

This is **based on average costs in 2020** when this EPC was created. People living at the property may use different amounts of energy for heating, hot water and lighting.

Heating this property

Estimated energy needed in this property is:

- 9,168 kWh per year for heating
- · 3,429 kWh per year for hot water

This property produces

Impact on the environment

This property's environmental impact rating is E. It has the potential to be B.

Properties get a rating from A (best) to G (worst) on how much carbon dioxide (CO2) they produce each year.

This property's potential 1.2 tonnes of CO2 production

4.9 tonnes of CO2

You could improve this property's CO2 emissions by making the suggested changes. This will help to protect the environment.

These ratings are based on assumptions about average occupancy and energy use. People living at the property may use different amounts of energy.

Carbon emissions

An average household produces

6 tonnes of CO2

Steps you could take to save energy

Step	Typical installation cost	Typical yearly saving
1. Increase loft insulation to 270 mm	£100 - £350	£51
2. Cavity wall insulation	£500 - £1,500	£103
3. Floor insulation (solid floor)	£4,000 - £6,000	£29
4. Add additional 80 mm jacket to hot water cylinder	£15 - £30	£15
5. Low energy lighting	£30	£33
6. Hot water cylinder thermostat	£200 - £400	£24
7. Heating controls (room thermostat and TRVs)	£350 - £450	£106
8. Condensing boiler	£2,200 - £3,000	£128
9. Solar water heating	£4,000 - £6,000	£38
10. Solar photovoltaic panels	£3,500 - £5,500	£324

Who to contact about this certificate

Contacting the assessor

If you're unhappy about your property's energy assessment or certificate, you can complain to the assessor who created it.

Assessor's name	John Foley
Telephone	07985 980868
Email	<u>jvfoley@gmail.com</u>

Contacting the accreditation scheme

If you're still unhappy after contacting the assessor, you should contact the assessor's accreditation scheme.
